

Florafree is a dedicated range of products for the Food Industry

FloraFree®

STEP 1: CLEANSE

AHP™ Mouss - Sanitising Foam Hand Wash

Unique, 3-in-1 foaming sanitising hand wash containing Accelerated Hydrogen Peroxide™ active biocide and moisturiser

Cleanses ~ Sanitises ~ Conditions

Accelerated Hydrogen Peroxide (AHP) is a unique biocide with excellent efficacy and does not induce anti-bacterial resistance

Features:

Contains AHP – Accelerated Hydrogen Peroxide™ is a unique biocide with excellent efficacy and does not induce anti-bacterial resistance

Rich, Creamy Foam – Very pleasant to use encouraging usage and compliance

Quick Rinsing – Foam rinses off quickly to leave no residues and minimise skin irritation

Excellent Cleansing – Ideal for cleaning light to medium soiled hands

Environmentally Friendly – AHP active biocide simply degrades to water and oxygen

High Efficacy Formula – Independently tested to the highest European Standards, product proven to kill 99.999% (log 5 reduction) of food poisoning bacteria, moulds and yeasts

Dermatologically Tested – Formula has been tested to prove it is non-irritant

Perfume-free – Contains no perfume to taint food

Conditions Skin – Contains skin conditioners to moisture, rehydrate and leave the skin feeling smooth after use

Excellent Cost-In-Use – Unique foaming formula is highly efficient in use and minimises wastage

Usage:

For use in **high risk** food handling areas. Use prior to entering food handling and processing areas.

Product Testing:

Microbial Test	Test Standard	Microbes Tested
Bactericidal	EN1499	Escherichia coli
	prEN12054	Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus, Enterococcus hirae
	EN1276	Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus, Enterococcus hirae
	EN1040	Staphylococcus aureus, Enterobacter aerogenes, Salmonella typhimurium, Listeria monocytogenes
