

deb restore®

A mild, pleasant-to-use after work conditioning cream for NORMAL skin.

Usage: Apply to clean, dry skin at the end of each work period to moisturise the skin whilst natural oils are being replenished

Performance Guide: Suitable for normal skin condition

Features:

- Contains Allantoin to help soothe the skin and keep it soft and supple
- Added Glycerine, a highly effective humectant, moisturises the skin and helps prevent dryness
- Neutral pH ensures compatibility with the skin and reduces the risk of any possible irritation
- Ointment based for easy application and leaving a non-greasy after-feel
- Contains Urea to hydrate the skin and help restore its Urea natural balance
- Economical-in-use as only a small amount is required to provide effective skin conditioning

Product Testing:

- Many years proven use through millions of applications
- *Corneometer*® tests show that using 4 x 1ml of product per day for a week in a normal working environment, increased skin moisture by approximately 30%
- Dermatologically tested using the industry recognised "48hr human patch testing for primary skin irritation" method
- Not tested on animals

Pack Sizes:

Stock Code	Size
