

9000 Shot

The new TimeMist 9000 unit offers the lowest cost-in-use of any system by freshening the air for a full 90 days!

The Revolutionary 9000 shot dispenser is ideal for the service industry, providing up to 90 days of continual metered fragrancing between services. With a 45 or 90 day setting, the TimeMist 9000 shot dispenser provides controlled metered fragrancing, reducing the number of services required.

Features:

- ⊙ Strong chemical resistant polypropylene plastic
- ⊙ Easy aerosol replacement
- ⊙ Hidden on/off switch
- ⊙ Low battery indicator – LED double flash
- ⊙ Empty can indicator – LED single flash
- ⊙ Two timed release-rate switch - 45 or 90 day
- ⊙ Requires 2 x C size alkaline batteries
- ⊙ 5 year guarantee

Ultra concentrated to work faster and longer.

The 9000 shot refills are the longest lasting aerosols on the market, lasting up to 90 days without replacement. Incorporating essential oils in high concentrations, the 9000 shot fragrances provide a consistent fragrance solution for up to 90 days and are available in citrus, mango and clean and fresh.
